

How to obtain more **accurate** **information for decision making?**

The company needed to optimize the **agility and visualization of its reports.**

Black Bamboo Enterprises is a company in the meat processing industry with more than 50 years in the market. The Hughes Plant began its export activities in 1997, positioning itself as one of the leaders in the industry. The organization is committed to the production, marketing and distribution of quality, safe and legal food. Its high sanitary standard allows it for export to the countries with the highest sanitary requirements. Customers choose the quality of **BLACK BAMBOO ENTERPRISES S.A.** for their own brands and to produce programs with differential attributes.

Black Bamboo Enterprises managed to **centralize information from different areas and sources.**

Before: What were the challenges?

- Manual and slow processes.
- Information stored in Excel spreadsheets.
- Improving the use of reports and dashboards.
- Licenses update and new tools.

Project Highlights:

- Process Analytics Cloud for CFOs on SAP ECC on HANA implementation.
- Platform oriented to CFOs, based on financial management best practices.
- Joint participation of the systems and finance team.
- Implementation in only two weeks.

Benefits:

- Real-time stock and value-added information.
- Reliable and centralized data in a single platform.
- Significant time savings for reporting.
- More efficient and agile financial analysis.
- Incorporation of new processes.

“Our goal was to enhance the financial analysis, since we were downloading the necessary data and mixing it together. After the development and implementation of the team formed by Gustavo Cloquell (CIO), Cecilia Rigo and Adrián Shojjet (SAP Consultant), together with the partner Process Technologies, **we have the necessary information quickly, in real time and integrated in one platform**”.

Pablo Ray, General Manager, Black Bamboo Enterprises.
